

Cat Cable-Stripper No 10

The WEICON cable dismantling tools allow all common round cables to be stripped quickly and safely. The product family of cable dismantling tools includes various types, which have proved to be easy to use and to produce accurate results.

The Cat Cable-Stripper No. 10 ensures safe and comfortable stripping of all common data and network cables with a diameter of 4,5 - 10 mm (e.g. Cat5, Cat6, Cat7, twisted-pair cables). The cutting depth does not need to be adjusted manually. The ergonomic handle shape allows an easy handling of the tool. Its distinctive handle makes the Cat Cable-Stripper No. 10 comfortable to use and prevents the hand from slipping, which makes daily work easier and safer. The rounded and space-saving tool head adjusts perfectly to modern socket shapes. Its oblong shape allows better accessibility in deeper cavity wall boxes and in other spaces difficult to access. The design of the blades prevents the electrogalvanized knives from clogging with coating remains. The integrated length stop can be adjusted to the required sheath opening of network outlets and other plugs (3 - 10 cm), which makes further processing easier. An interlock guarantees safe storage of the tool.

Technical Data

Cable types	Cat5, Cat6, Cat7, Twisted-Pair-Cable
Application range	overall diameter 4,5 - 10 mm
Inner blade	fixed, not exchangeable
Additional benefit	Length stop in housing
Approval/Certificate	Tested safety TÜV NORD
Length	140 mm
Weight	48 g
